Professional Summary

Computer Science Engineering graduate (2026) with 6 months of .NET Full Stack internship experience at A2R Software Consulting Pvt. Ltd. Skilled in ASP.NET Core, Web API, Entity Framework Core, SQL Server, JWT Authentication, and Angular. Passionate about building secure and scalable full-stack web applications. Seeking Junior .NET Developer, ASP.NET Core Developer, or .NET Full Stack Developer opportunities.

Technical Skills

Languages	C#, SQL, JavaScript
Frontend	HTML5, CSS3, Bootstrap, Tailwind CSS, Angular, TypeScript
Backend	ASP.NET Core, ASP.NET MVC, Web API, Entity Framework Core
Database	SQL Server
Dev Tools	Git, GitHub, Postman, Visual Studio
AI Tools	ChatGPT, GitHub Copilot, AI-Assisted Development, Prompt Engineering
Concepts	OOP, SOLID Principles, REST APIs, JWT Authentication, Role-Based Authorization, CRUD Operations

Internship Experience

.NET Full Stack Intern Trainee *Jan 2026 – June 2026*

A2R Software Consulting Pvt. Ltd., Bangalore Grade: A+

- Developed and tested 10+ RESTful APIs using ASP.NET Core and Entity Framework Core, powering core application workflows.
- Built and integrated 3+ database-driven modules with SQL Server, improving data reliability across services.
- Implemented CRUD operations and optimized Entity Framework Core queries to improve data access efficiency.
- Collaborated with a development team using Git and GitHub for source code management and version control.
- Completed the 6-month internship with an A+ grade, recognized for consistent technical delivery.

Projects

Smart Online Examination System *ASP.NET Core, Web API, EF Core, SQL Server, JWT Auth*

GitHub: github.com/SoumyaNayak08/SmartExamSystem-v1

- Architected a full-stack examination platform supporting 2 user roles (Admin, Student) with JWT authentication and role-based authorization.
- Built 12+ RESTful APIs to handle exam creation, scheduling, and result generation.
- Developed a timer-based exam engine with automatic submission on timeout, preventing data loss for time-bound assessments.
- Implemented anti-cheating tab-switch detection to flag suspicious activity in real time.
- Integrated Entity Framework Core with SQL Server for a normalized, structured database design.

Healthcare Appointment Scheduling System *Angular, TypeScript, Tailwind CSS*

GitHub: github.com/SoumyaNayak08/healthcare-appointment

- Built a responsive healthcare appointment booking application using Angular and Tailwind CSS.
- Developed reusable components, Reactive Forms, and client-side validation.
- Implemented a mobile-friendly UI for doctor browsing and appointment scheduling.

Education

B.Tech, Computer Science & Engineering *2022 – 2026*

Aryan Institute of Engineering and Technology, Bhubaneswar CGPA: 7.73

Higher Secondary Education (Science) *2020 – 2022*

Academia International Higher Secondary School of Science, Cuttack 71%

Certifications .NET Full Stack Development Internship Certificate – A2R Software Consulting Pvt. Ltd. | ICCIDA 2023 – Participant
